

A Message from the CEO

It is with pleasure and excitement that I find myself writing my first report for the 'TLC Times' as the Chief Executive Officer for TLC Aged Care. I certainly feel very privileged to be in this position. I would like to take this opportunity to thank John and Jenny Leaper for the support and advice they have given me during the initial stages of the new role, support which I know will be ongoing.

Since my commencement in January 2007, there have been a number of exciting and challenging developments within TLC Aged Care.

As part of a new structure within the Support Centre, a number of new positions have been created to ensure ongoing support of the TLC strategy moving forward. These positions include:

- Business Development Manager – this position will be responsible for increasing the community awareness of TLC Aged Care and being involved in marketing and brand recognition. Alistair Henderson has been appointed and will commence on 14th May.
- IT Coordinator – this position will be responsible for providing IT support to all the homes as well as assisting with software implementation and IT related project management.

As part of TLC Aged Care's objective to build on our reputation for 'Great Care and Great Careers'[™] we have commenced a radio advertising campaign. Magic Radio and 3AW are regularly airing a series of three ads for TLC Aged Care.

On Thursday, 5th April, we had our official opening of Sunlight RAC in Whittlesea. We were thrilled to have Professor Rhonda Nay, a Professor of Gerontology and member of the Board of the Aged Care Standards and Accreditation Agency, unveil the plaque.

As part of our commitment to ensuring we keep in touch with the needs of Residents, families and staff, Jenny Leaper and I will be visiting each home on a regular basis. We have commenced our visits to Staff and Resident Support Group meetings and will continue to do so throughout the year. Each home will be notified of when we will be visiting, so we look forward to meeting you at our next visit.

Ingrid Williams
Chief Executive

HOMESTEAD ESTATE

The Combined Newsletter Section for The Homestead & Homestead Lakes

Highlights at The Homestead

Aged Care – never a dull moment! The Homestead Estate continues to be very busy, new Residents, staff, paperwork, continuous improvement - just all part of it!

The Homestead has had a steady occupancy since the New Year which has been very settling for Residents and staff.

The back office has been upgraded with new furniture and a computer for the RCS Coordinator. Mavourneen Ray (RCS Coordinator) has completed Advanced Care Plan Training with Barwon Health and Lisa Burza (Team Leader) is to complete the training in May.

Homestead Lakes occupancy has been fluctuating. Beds in Suffolk have been decreased from 26 to 22, which has enabled us to use

the old dining room to create an exercise room for a Falls Prevention program to be run by Sophie Tighe, our Physiotherapist aide. The equipment has been ordered and we are awaiting delivery.

The Residents are all enjoying the new plasma TV in the Dorset sitting room and the bathroom has been upgraded to enable access for able bodied Residents.

We are very proud of Pam Scopelliti (PCW) who was awarded TLC Aged Care’s Team Member of the Year Award. Congratulations Pam!

We are still awaiting the drought breaking rains to come. Please save water as it is a very precious resource.

Could all Residents and families please check the

lost property cupboards at both The Homestead and Homestead Lakes as they are going to be emptied at the end of April? It is essential that all clothing, glasses and dentures are clearly labelled. TLC offer a labelling service - if interested, please enquire at administration.

It is recommended Residents do not keep any valuables or large amounts of money in their rooms; there is a safe available. This is accessible on week days only between 9am and 5pm.

Fran Durham
Clinical Services Manager

TLC Aged Care’s Team Member of the Year for 2006

We are very pleased to announce the 2006 Team Member of the Year is Pam Scopelliti, Homestead Lakes.

Pam’s contribution to the care of Residents and to the team at Homestead Lakes is consistently at the highest level. Thank you, Pam!

Pam has provided a short profile:

“My name is Pamela Scopelliti. I moved to the Bellarine Peninsula with my husband and three children in 2001.

I was employed by TLC in 2002 at the then known facility Homestead Hostel. I commenced my duties on the first day the facility opened its doors to the first three Residents.

The facility quickly filled and my primary role for four years was working in Dementia Specific (Suffolk). During the past five and a half years I have had a lot of pleasure working and watching Homestead Lakes grow, seeing Residents choose to make their homes here with us and being a part of our community.”

Ingrid Williams, Chief Executive Officer, presenting the Team Member of the Year award to Pam Scopelliti

THE HOMESTEAD

lifestyle@thehomestead

Fitness First

The Physio department has been keeping busy as usual. Our weekly exercise groups continue to be popular with a keen bunch of participants all willing to work their muscles and keep on their toes.

The Resident's individual programs are proving to be a rewarding exercise to improve mobility and a greater range of movement, enabling them to have a more productive day.

The weather has been kind to us providing lovely sunny mornings to perform daily exercises outside and enjoy extended walks.

Thank you to Emma, our Physiotherapist, for your continued dedication to the Physio department.

“Keep stretching and enjoy” ...

Movie Magic

Since our last newsletter we have had two outings to the movies. The first was to see “Miss Potter”, the life story of Beatrix Potter, author of the famous children’s books which include “Peter Rabbit”. Helen, who attended the outing, said, “I really enjoyed the movie and would recommend it to anyone. It was presented well and you could hear and understand all that was said. It was the first time I had been to that theatre and was impressed”.

The second movie was “Becoming Jane”, the life story of Jane Austen, author of “Pride and Prejudice” - one favourite among her many novels.

Inez attended this outing and said, “The movie was a must to see and the scenery and costumes helped you appreciate that period in time.”

Residents have been busy with Easter crafts and a raffle was held to help celebrate this time.

We have had several trips along the coast, enjoying fish and chips and the perfect sunny days.

Physiotherapy Department Update:

New circuit room

Very soon now, Homestead Lakes will have a specifically set up circuit room. We are in the process of purchasing Rehabilitation Steps and Walking Rails which will allow for the development of exercise programs that target strength and balance which, in turn, have been shown to assist in falls reduction. Hopefully, once this room is up and running some Residents will be able to maintain their own programs independently. In the meantime we have continued to stay active in the pool, on our bike, on nearby walking tracks and holding onto the rails in hallways at Homestead Lakes.

THE BELMONT

I would like to welcome you all to The Belmont newsletter. I hope that you had a lovely Easter and had time to enjoy the Easter break.

Over the past few weeks there have been a number of changes that I am sure many of you know about. Ria Keane, Clinical Services Manager, has left The Belmont and Fran Durham (the Clinical Services Manager from The Homestead Estate) is at The Belmont until a permanent replacement can be found.

TLC Aged Care would like to take this opportunity to thank Ria for her contribution over the time she was here.

It is with much sadness that staff and Residents of The Belmont mourn the death of Colin Brittain, the former Maintenance Officer. Our deepest sympathy to Colin's family and he is very much missed. Colin was a wonderful man and always ready to lend a helping hand.

U-Brew-IT

Three of The Belmont's male residents, Ian Crompton, Joe Sellwood and Don Mclean, attended an outing to U-Brew-It in Geelong. Ria Keane initiated the outing which was embraced enthusiastically by the men.

The group were warmly welcomed by U-Brew-It and were given a recipe for the beer they intended to brew. Joe read the recipe for the Cascade Light brew to Don and Ian, who checked and measured ingredient quantities. The brew was then added to the boiler whilst the men enjoyed a pre-made glass of beer similar to what they were making. The group returned to U-Brew-It on 11th April to reap the results of their labour. They will be sharing the brew with co-Residents at The Belmont Happy Hour.

Pets Galore!

Residents in Duggan have participated in a large variety of outings over the last few weeks.

The Belmont Pet Shop was a hit with all who visited – Residents enjoyed seeing the puppies, fish and birds, were amazed by the large colourful toucan and cooed over the little kittens and the rabbits. Some were also excited to see the rabbits fighting and the fur flying!

Barwon Heads has also been a favourite spot for an excursion. Our ladies, Mischa, Anne and Dulcie enjoy looking at the dress shops while Bill, Harold and Jan love going to the butchers. All enjoy the scenic views of the beach, the smell of the ocean and the waves.

A group of our Residents also enjoyed a morning in Bunning's. While Jean was fascinated by the rug department, Harold potted amongst the gadgets, and he can now recommend the latest in drills and saws. Bill would have filled the bus with greenery from the nursery section; his green thumb was throbbing with delight! A return trip is to be organised as they talked of their experience for days.

A small group of Residents in Mainstream are undertaking a mosaic project. After a donation of supplies from Bunnings (organised by Faye Scholfield, Lifestyle Assistant), the mosaic of a dragonfly should be finished within the next few weeks. Residents continue their community involvement with Clonard Ladies College who undertake craft and small group activities with many Residents. A group of students from Matthew Flinders Ladies College also visit regularly - our ladies are very proud of their current manicures, even approving of the somewhat brighter shades selected by their young attendants!

Sarah Davidson, Lifestyle Coordinator
Faye Scholfield, Activities Assistant

Funny Spot

An elderly couple had dinner at another couple's house and, after eating, the wives left the table and went into the kitchen.

The two gentlemen were talking and one said, "Last night we went to a new restaurant and it was really great. I would recommend it very highly." The other man said, "What is the name of the restaurant?"

The first man thought and thought and finally said, "What is the name of that flower you give to someone you love? You know ... the one that's red and has thorns." "Do you mean a rose?" "Yes, that's the one," replied the man.

He then turned towards the kitchen and yelled, "Rose, what's the name of that restaurant we went to last night?"

A close shave!

Accreditation Visits

We were visited by the Aged Care Standards and Accreditation Agency for Support Visits on 24th January and again on 16th March. You will be pleased to hear that Marina has passed with flying colours.

Special Events

In the past two months some of the special events we have celebrated were St Patrick's Day, Bluey Day and Easter.

St Patrick's Day

Shave for a Cure

Jodee Lorenzon, Team Leader for Neptune, bravely volunteered to have her head shaved for Cancer Research.

A gold box was placed at reception and people gave most generously. Jodee raised around \$1,000.00. She sat in the middle of the Atlantis dining room surrounded by Residents and visitors, while Gina, our

hairdresser, shaved her head. I believe it was a No. 4! Jodee would like to sincerely thank all those who gave so generously to the cause.

I would like to take this opportunity to thank the Residents' families who have provided me with feedback - positive or negative. This feedback enables me to ensure that Marina continues to improve its services and care to all our Residents. Please continue to do so - my door is always open.

Jane Elliott
Clinical Services Manager

Amy Cameron from Lifestyle has given birth to a beautiful little girl, 'Ava Frankie'. We were all very excited when Ava (along with Mum, who looked very well) came to see us. Ava has big brown eyes and straight black hair that stands straight up!

Fun and romance!

Though only four months old, this year at Marina has brought a huge array of fun and exciting events for our Residents to participate in and enjoy – physically, culturally and spiritually.

The famous Australia Day games had Residents pitted against one another in a selection of events which embraced many facets of Aussie culture. Our St Patrick's Day celebration had many Irish eyes smiling (at the staff dressed as leprechauns), while traditional Irish Music resounded throughout.

Valentine's Day was celebrated in a new and exciting way that, we hope, will become a Marina Valentine tradition. Couples and families enjoyed and shared in a special luncheon which captured the romantic spirit, proving that love never grows old.

In the past month, Marina has been visited by two very special guests – Elvis Presley and Marilyn Monroe – not just on the silver screen during Marina's Movie Club afternoon each Thursday, but in person! Residents enjoyed a night of great entertainment, with "The King" belting out many of his timeless classics and Marilyn making birthdays extra special with a memorable rendition of "Happy Birthday".

Many Residents are excited that the Tai Chi class has recommenced. With two sessions during the week and Pysio Aide, Jacob, at the helm, a graceful future is indeed on the horizon for those Residents who dutifully practice their moves. Following an enjoyable Easter, where bonnets were on display and too many chocolate eggs were eaten, we move on to the next part of the year, which, we are sure, will be as much fun and exciting as ever!

Special congratulations to Jodie for participating in "Shave for a Cure". Thank you to all those who donated and helped reach a goal of almost \$1,000.

Until next time

Lifestyle Team

NOBLE GARDENS

A very special guest

I wish all Residents, families, advocates and staff a very Happy Easter 2007!

Since last we spoke, there have been some challenges specifically relating to Resident care. It is with delight that I inform you all that these have been met with professionalism and commitment from Noble Gardens' staff with the overall result of improved care for our Residents.

On 15th February, 2007 we had a Site Visit from the Aged Care Standards and Accreditation Agency. The visit was a wonderful example of how the Agency and the deliverers of care to our frail elderly Residents can work together to achieve a common goal which is ultimately resident focused and family oriented. Overall the unannounced Support Visit was successful with no major areas identified that would affect our present situation of 3 years Accreditation with full compliance of the 44 standards.

Full Accreditation will occur early August, so this visit was most beneficial to assist in addressing areas that could benefit from continuous improvement. Thank you to all staff including Registered

Nurse Div1's, Team Leaders and Personal Care Staff who have attended education sessions and completed self-directed learning packages to improve knowledge relating to care of the elderly.

Gardens' as Residents from all religions and beliefs attended the service and spoke to me of the power of spiritual reward and positive energy received by them after attending the service.

Congratulations must go to Maria Agrapidakis, Lifestyle Coordinator, and her Lifestyle Staff, for coordinating the visit of Bishop Marcus Fernando just prior to Easter.

The feedback from staff and Residents has been enormously gratifying. I thought it was a great occasion for the 'Family of Noble

Although Noble Park is very dry due to lack of water, Noble Gardens' front courtyard is still very welcoming. There is lots of interest always from families enquiring about their loved ones living here and overall feedback from staff and Residents continues to remain very positive.

Clare Dyer
Clinical Services Manager

The Easter Bunny hops in!

Hello to everyone and Happy Easter!!!!

Noble Gardens has had many exciting events since we last reported back to all.

It was a great honour, on Thursday 29th March, to invite Bishop Marcus Fernando from Sri Lanka to our facility. This was arranged by our pastoral care volunteers Eddie and Isobel, so a big thank you to them for their time and effort in organising the visit. Bishop Fernando performed a beautiful Mass for the Catholic Residents and all others who wished to attend including friends, family and staff. If it was a ticket event I could positively say it would have been a sell-out!!!

After Mass Bishop Fernando mingled with Residents and enjoyed a lovely morning tea.

The Bishop happily posed for photos with Residents, staff and families.

Our ongoing outings at Noble Gardens are still by far the most popular activities. Outings attended have been to the local "Morning Melodies" for show and lunch, café outings, walks to local parks or along the beach and shopping trips.

Swimming is also proving to be welcomed by Residents who enjoy exercising in a pool as a change to chair exercises.

Easter celebrations at Noble Gardens included an entertainer coming in for the afternoon to perform a sing-a-long and the raffle draw of our five beautiful hampers. Many of the eggs were donated by families, staff and friends so thank you to them all for their support.

And who could forget the surprise visit by the Easter Bunny!!!! The Easter Bunny happily visited all Residents in their rooms or at the concert offering chocolate eggs for all to enjoy.

On behalf of the Lifestyle Team at Noble Gardens we hope all TLC staff in all TLC facilities enjoyed a safe and Happy Easter.

Cheers ...

Maria Agrapidakis
Lifestyle Co-ordinator

65 WONDERFUL YEARS!

Bob and Shirley Bunting celebrated their 65th Wedding Anniversary on Wednesday 14 March 2007. Noble Gardens RAC presented Bob and Shirley with a beautiful bouquet of flowers. Congratulations to you both and many happy returns!

Bob and Shirley met when they were each members of the church and badminton club. Bob would drive Shirley and her friend home from badminton each week, dropping Shirley at home last.

Bob said he had nothing to do one day, so decided to ring Shirley to see if she was free to go out with him on a date. Shirley obliged and, after 18 months, they married on 14 March 1942 at Holy Trinity Church, Oakleigh.

Bob and Shirley raised three children - Janet, Ron and Anne.

Farewell Daniyela ...

The Staff and Residents at Homewood farewelled Daniyela Rob (CSM) on Friday, 2nd March. Staff surprised Daniyela with a farewell dinner at Crown Casino. Thanks to Paula, Daniyela was unaware of the dinner and it was a huge surprise.

Daniyela put in a lot of effort to make Homewood the successful home it is today and we sincerely thank her for that. We wish Daniyela every success and happiness in her new position.

Welcome to Sharon Robinson, our new Physiotherapist, who replaces Helen Eddy.

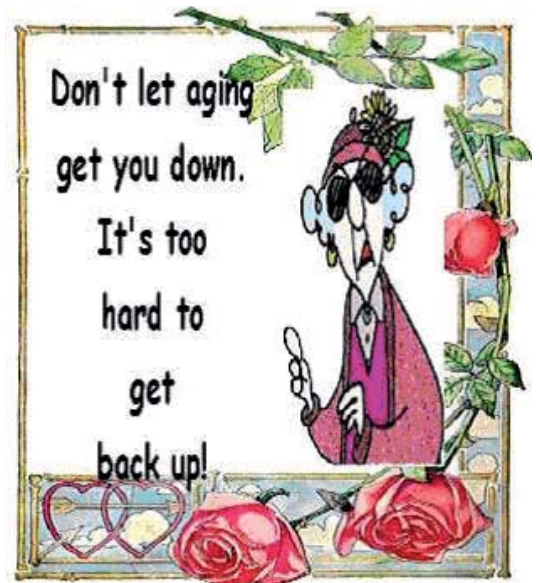

I would like to remind relatives that the Alpha Dental consent forms need to be returned to Homewood to allow your loved ones to have access to this service. A minimum of 15 to 20 residents would be required for this service.

Birthday Wishes for Someone Special?

Do you have someone you would like to wish happy birthday to? Send your birthday message to media@tlcpl.com.au and have it featured in the next TLC Times!

“The King” returns

What an excellent start we have had to 2007.

January brought a visit from “Elvis”. This was a most exciting and enjoyable afternoon. Residents sang along, held his hand, were serenaded by, and even at one stage danced with him. There was an incredible amount of toe tapping and hand clapping. The smiles were infectious, and the chatter afterwards was all very positive and exciting.

Residents celebrated Australia Day with flags, Aussie food and music. To make our Australia Day a bit different, the ladies made “Gumnut babies”. Some were turned into brooches and others into paperweights. Those left over have been sold.

Our February Happy Hour had Residents guessing how many small buttons were in a jar. This jar was shaken, turned sideways, turned

In March Residents celebrated St Patrick’s Day with Irish songs and a great deal of green food. Pancakes were a nice touch on Shrove Tuesday.

More will be revealed in the next TLC Times newsletter.

Over the past few months our Residents have received some

At the end of the performance, our Chef, Kevin, took great pleasure in announcing, “Elvis has left the building.”

upside down and there was a great deal of speculation all round. A lovely prize was awarded to the winner.

Residents have, over the last few weeks, enjoyed the entertainment of The Merry Makers, Monash Aires, Karl Esser and his wife and new entertainers, Cyril Gonsalves and his wife.

rather pretty and very useful knee rugs.

These have been donated by a friend of Homewood, Mrs Pat Werner. Pat is from the CWA in Numurkah. Thank you very much indeed Pat.

Chris Entwistle
Lifestyle Coordinator

Apart from our normal activities the Footy Tipping has begun. The craft group have started a special textile project, which seems to be growing like “Topsy”.

SUNLIGHT

Sunlight's Official Opening

It's hard to believe that another 3 months has passed so quickly. I hope everyone had a very relaxing Easter and now we can look forward to a few months break before we start preparations for Christmas!

Sunlight is nearing full occupancy and we would like to welcome new Residents and their families to our home.

On Thursday, 5th April, Sunlight celebrated its Official Opening.

John & Jenny Leaper welcomed everyone and introduced Rhonda Nay, Professor of Gerontology, LaTrobe University, who spoke

very fondly of the organisation and then unveiled the official opening plaque. This was followed by light refreshments, which were enjoyed by all.

The feedback from the Residents was very positive with one Resident saying that she woke up and got ready early so she could get a "good seat".

Until next time ...

Enjoying the great outdoors

Summer did not melt Sunlight's enthusiasm for activities. Excitement for all with the arrival of the long awaited TLC bus. On the to do lists from the Residents was a pub crawl, however, 6 gentlemen and 1 lovely lady settled happily for a scenic drive up the mountains to the rustic and friendly Flowerdale Hotel for lunch and a quiet beer. The Residents had a lovely time looking at and reminiscing about the old horse/ farming memorabilia donning the walls and talking about that "first beer" after work (that was always the best one, commented a Resident). Steve, the publican, happily chatted to one Resident who had owned a few country pubs.

Second on the wish list was the beach. As the beach is miles away from us country folk, our trusted Clinical Services Manager mentioned the man-made beach in Lilydale. This proved to be a great choice. The ladies and gentleman had the choice of sandy beach or sweeping grass. The day was as sunny as the Residents who enjoyed a walk along the river feeding the "do not feed" ducks, watching the sail boats and even climbing the rock wall and testing their fitness on the monkey bars. "Good on you, Mona!" After much exercise, everyone settled for a much-enjoyed lunch of fish and chips, cold drinks and fresh fruit. It was a quiet trip home with many Residents commenting, "I'm enjoying the scenery".

As usual the Residents at Sunlight enjoy special event days such as:

- Monthly "Italian hour"
- Elvis concert
- Out to the "Gala Ball" (feedback fantastic)
- Dog agility demonstration (you name it, we had its breed)
- Visit to the Masonic Lodge for afternoon tea and concert
- Monash Aires concerts
- Dance duo demonstration
- Kinglake seniors group for carpet bowls and afternoon tea
- St Patrick's Day Celebration
- Cake decorating demonstration
- Easter celebrations

And last but not least, a warm welcome to Sunlight's new Residents. Please feel free to discuss any lifestyle needs any time. Welcome to Simone Thomason, Sunlight's Lifestyle Assistant for the Roberts wing. Simone's smiling face and happy disposition is wonderful and she is a blessing to have on board. Farewell to Sharon Fern our previous assistant. Sharon resigned to build her dream home; we wish her luck with her venture

Cheers for now and keep smiling...

Yvonne and Simone
Lifestyle team

Congratulations to staff members Leanne Clarke and Wendy Johnston who have both "tied the knot" during the past three months. We wish you every happiness!

BITS OF TLC

update on Noble Manor

Thank you to all those who contributed to our “Name Game” - a competition to name our new home in Noble Park. The name selected is “Noble Manor”. Congratulations to Damien Hellard, Executive Human Resources, TLC Aged Care, who came up with this suggestion.

As you can see, the construction of Noble Manor is progressing extremely well. Noble Manor is located at 33 Frank Street, Noble Park, and it is anticipated the first Residents will move into their new home in early September.

A number of enquiries have been received from potential Residents and their families. All those who have recorded their interest to date, will be contacted around mid-year to ascertain continued interest and to progress applications. Please contact the TLC Support Centre on 9458 7777 if you would like to register your interest.

Positions vacant have been advertised on our website (as are all positions vacant within the TLC Aged Care group): www.tlchomes.com.au. Please visit our website for further information.
